

Emergency Financial Management & Disaster Recovery Services

Recovering from a major disaster takes a toll on the state and its citizens. The Panorama team is committed to serving the citizens who suffered deep personal losses and help make their communities prosper once again. Panorama has executed a wide range of housing and economic development funding sources such as CDBG-DR programs. Panorama provides the leadership necessary for recovering from a natural disaster, and our staff understands the diverse property types, characteristics of specific communities and how its social fabric and community ecosystem needs to be rebuilt.

Our passionate and dedicated team consists of members of the communities that we serve and have experienced loss from the storms as well. Our team will establish presence in storm-damaged areas and stands ready, willing and able to help communities recover as quickly as possible.

Rooted in our proprietary PERFECT Recovery™ Program Administration methodology, Panorama's Emergency Financial Management and Disaster Recovery service offering includes:

- Information assurance
- Relocation & training
- Uniform Act Acquisition & Relocation
- Title Abstracting
- Closing coordination
- Program Intake Services
- Appraisals and Appraisal Reviews
- Environmental Oversight
- Duplication of Benefits Documentation
- Verification of Benefits
- Property Inspection Coordination
- Applicant Award Processing
- HUD Compliance

Panorama is able to mobilize and adapt quickly to any emergency situation by deploying its business process and change management teams to triage and get the operations in place quickly, effectively in order to immediately take care of its citizens.

Why Work With Us

Panorama's unique approach has been proven via ERP strategy, selection, implementation, organizational change management and business process reengineering projects for nearly 300 clients across the globe. As the largest provider of CDBG services, our standardized methodologies are consistently used by all of Panorama's global resources and have become the industry standard that competing firms strive to attain. In addition, we have the flexibility to work with our clients on longer-term engagements and to adapt to increased and modified project scopes throughout the engagement.
