

PANORAMA

DISASTER RECOVERY SOLUTIONS

WHO WE ARE

Panorama Disaster Recovery Solutions assists government agencies in recovering from natural disasters. We quickly deploy project management resources on-site, and provide the following services: Program Intake Services, Quality Assurance, Staff Augmentation and Training, Right of Way/Site Acquisition, and Automated Compliance Software Deployment. Panorama's team is comprised of former HUD and FEMA personnel, specializing in HUD's Community Development Block Grant for Disaster Recovery (CDBG-DR).

We help you improve the efficiency of HUD-funded and FEMA-funded projects.

When your agency hires the Panorama team, you can be certain that homeowners are in good hands. Our team is committed to serving the homeowners who suffered deep personal losses and making their communities prosper once again. Our clients receive high-quality, expert guidance throughout the recovery process. Panorama's team is comprised of former HUD and FEMA personnel, specializing in HUD's Community Development Block Grant for Disaster Recovery (CDBG-DR).

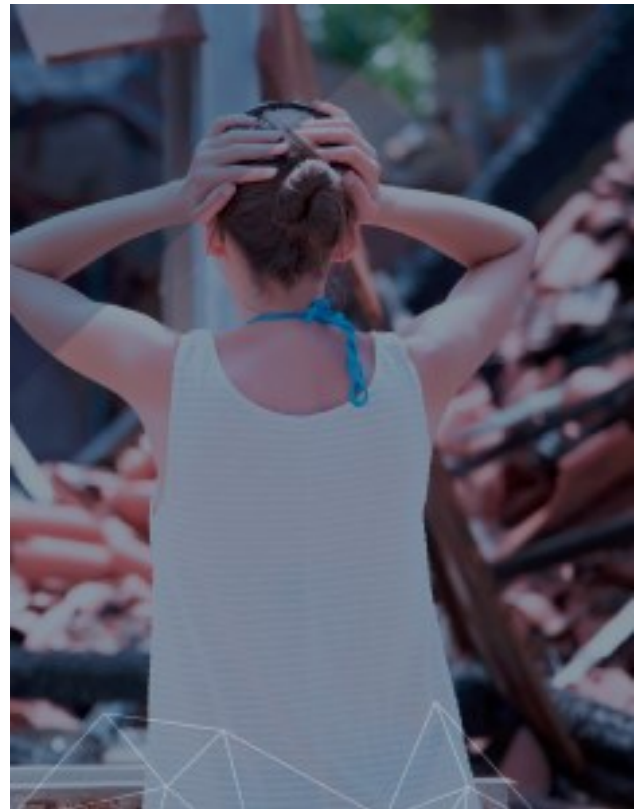

Partner with one of the largest providers of Community Development Block Grant Disaster Recovery Services.

Our passionate and dedicated team consists of members of the communities we serve. We establish presence in storm-damaged areas to help communities recover as quickly as possible by administering emergency funds, as well as assisting with planning, administration, grant management, compliance and monitoring policy development.

INSIGHT. MOMENTUM. RESULTS.

KEY VALUES AND DIFFERENTIATORS

- **Homeowner Focus** - Every day we deliver the most compassionate, friendly and cost-efficient services possible to our homeowners.
- **Integrity** - We conduct ourselves with the utmost standards of ethics, transparency, professionalism and respect for our communities. Everything is justifiable to citizens, the cities and the states we serve. We strive to conduct ourselves "as if the world were watching."
- **Collaboration** - We embrace our diverse, internal teams and incessantly promote strong relations with our governmental partners to the benefit of homeowners.
- **Accountability** - We set uncompromising goals with an aim to exceed our constituents' expectations while continuously measuring and reporting publicly on our progress.

RECENT PROJECT EXPERIENCE

CDBG Disaster Recovery Program Administration NY Rising Buyout and Acquisition Programs

Panorama is currently serving the citizens of New York whose homes were damaged or destroyed by Superstorm Sandy, Hurricane Irene or Tropical Storm Lee. Our client, the Governor's Office of Storm Recovery (GOSR), established the NY Rising Buyout and Acquisition Program to provide homeowners with property evaluation, title clearing and relocation services. As our team of financial, operational and case management experts supports the buyout and acquisition process, New York residents are finding more stable areas of residence where they can live without heightened fear of disaster. Panorama is also helping GOSR plan for the redevelopment of flood-prone areas in cases where residents could benefit from more resilient infrastructure.

We are serving the following areas:

- Ocean Breeze, Staten Island
- Oakwood Beach, Staten Island
- Graham Beach, Staten Island
- Suffolk County
- Nassau County
- Queens County
- Kings County
- Rockland County

We are delivering the following services:

- Information Assurance
- Program Intake Services
- Duplication of Benefits Documentation
- Title Abstracting
- Appraisals Reviews
- Environmental Oversight
- Verification of Benefits Documentation
- Uniform Act Acquisition and Relocation
- Property Inspection Coordination
- Applicant Award Processing
- HUD Compliance
